YELLOWKNIFE LIVING WAGE

Calculation of Living Wage is a priority of the **No Place for Poverty** coalition as part of efforts to reduce and eliminate poverty. We hope that work on the Yellowknife Living Wage builds momentum and support for Living Wage in other NWT communities.

The Living Wage is based on a bare-bones budget without the extras many of us take for granted. The Living Wage budget includes food, clothing, rent, transportation, child care, health care, adult education, some household expenses, and a small emergency fund.

A Living Wage benefits communities, businesses, and employees. Businesses keep their employees longer and spend less on recruitment and training. Living Wage workers have more income to spend on local goods and services. And, of course, they pay more taxes.

Please support a Living Wage for Yellowknife workers.

\$20.68

per adult per hour

is Yellowknife's 2015 Living Wage for a family with 2 working parents and 2 children including out-of-pocket health and dental expenses.

What is Living Wage?

How was Yellowknife's Living Wage calculated?

The *Canadian Living Wage Framework* (CLWF) developed by Vibrant Communities Canada was used as a guide for Yellowknife's 2015 Living Wage calculation.

Calculation Method - Living Wage is the hourly wage rate that allows this formula to balance:

$$\text{Annual Expenses} = \text{Employment Income} + \text{Income from Government Transfers} - \text{Taxes}$$

Annual Family Expenses
